

Canon World Papercraft Mini-book

Buildings of the World Series
Mongolia **Ger (nomadic dwelling)**

A ger is a portable dwelling used by the nomadic peoples of Mongolia. This type of dwelling is called a pao in China. In a typical ger, furniture such as a household shrine, beds, and trunks are arranged around the outside, with a stove near the center. The ger is assembled of wood and cloth, and can be taken down quickly for transportation.

*Cut out the card above and save it. You can collect the cards from each of the Papercraft projects to make your own mini-book!

★ Directions

Print out pages 1 through 4, cut out each individual part along their cut lines, and fold along the mountain and valley fold lines.

1. Build the roof

2. Build the walls

(1) glue together the outer wall parts 1 and 2, and curve into a circle

(2) glue the frame to the walls

(3) glue the inner wall parts 1 and 2 to the inside of the walls

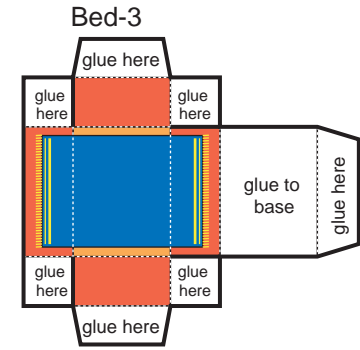

* align the doors in the inner and outer wall parts 2

3. Build the stove and furniture

4. Put it all together
